To whom it may concerns,

It's my pleasure to bring your attention to the Journal of Clinical & Cellular Immunology which highlights the interface between basic and clinical immunology. This journal has already showed high interest among many researchers all around the world.

I strongly recommend this journal to be indexed in PubMed Central. The Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.

Thank you very much for your consideration.

Sincerely,  
Ahmed Lasfar
