

Recommendation Letter

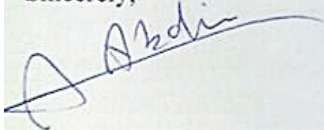

Dear Sir,

It is great pleasure to inform you that "Biochemistry & Pharmacology: Open Access" is a broad-based journal published by "OMICS Publishing Group" was founded on two key tenets: To publish the most exciting researches with respect to the subjects of Biochemistry and Pharmacology. Secondly, to provide a rapid turnaround time possible for reviewing and publishing and to disseminate the articles freely for research, teaching and reference purposes.

As an editorial member, I strongly recommend this journal to be indexed in PubMed.

Thanks for your concern.

Sincerely,
