To Whom It May Concern:

I am an academic radiation oncologist at Sunnybrook Health Sciences Centre and Princess Margaret Cancer Centre with a designation of Associate Professor. I have been on the editorial board at Journal of Spine since it originated. The journal has published high quality scientific papers and will continue to grow to a major journal in its field. The editorial board members and journal staff have worked very hard for the journal to establish its high professional standing and thereby I fully support Journal of Spine to be indexed in PubMed.

Sincerely,
