Re: Recommendation for PubMed Indexing.

Dear Sir/Madam,

I hereby express my interest in continued service to *Translational Medicine* as an Editor. I further give my consent to the Journal to disclose my affiliation and contact information.

I do not have any conflict of interest, which would interfere with this important service for science, medicine and technology communities.

I strongly recommend *Translational Medicine* to be indexed in PubMed Central. This unique Open Access journal has become an excellent source of information related to clinical research and practice with many subscribers world over. We also appreciate Editor in chief and other Editorial Board members and Journal staff who have diligently worked to establish high professional standing of this journal.

Sincerely,
