

Letter of Consent

I hereby express my great interest in continued service in Journal of Spine as an Editor. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

There is a need for free, high quality and information, and for a more unfettered publication process.

The Journal of Spine offers innovative thought and intercontinental collabor.

I strongly recommend this journal to be indexed in PubMed Central. Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing.
