Bthesda,MD USA,20894.

This is to confirm that J of Clinical Microbiology,an open access journal,is a journal of added on value in dealing with articles related to clinical aspects of any form of microbiological diseases,particularly the viral one which is of a major concern in modern medicine.J of clinical microbiology has a well regulated Editoreal system and prestigious board members that makes it to be a promising addition to medical library.The editoreal board members and journal staff have worked very hard for the journal to establish its high professional standing and thereby recommending this journal to be indexed in pubmed.

Best Regards,

Prof.Mahmoud Khattab,

Prof.of Medicine and Hepatology,

Head of Liver Unit,Minia University,

Minia ,Egypt,
