Subject: PubMed indexing.

Dear Sirs,

by the present letter, I would like to recommend you the *Journal of Neurological Disorders* to be indexed in PubMed.

As a member of the Editorial Board, I witnessed the Journal scientific growth, being the Journal constantly improving and running ahead with better and many quality publications.

This was made possible thanks to the Editorial Board Members, Journal Staff and particularly A. Stewart as Editorial Assistant of the Editorial Office, that all have worked very hard for the Journal development to establish its high professional standing and for these reasons I am recalling to recommend this Journal to be indexed in PubMed.

Hoping that you will favourably consider this request, I remain

Sincerely Yours

Prof. Roberto Federico Villa

*Biologist and Physician
Professor of Pharmacology
University of Pavia, Italy*
