Dear Committee Members

I enthusiastically support the request for indexing the Journal of Novel Physiotherapies in PubMed Central. The Journal is a peer-reviewed, interdisciplinary journal, providing rapid publication of high-quality research across all areas of physiotherapies. The journal features original research articles, reviews, methods papers, editorials, and commentaries. The Journal staff and editorial board members have worked very hard for the journal to establish its high professional standing. I strongly recommend the Journal of Novel Physiotherapies to be indexed in PubMed Central

Please contact me if additional questions arise

Sincerely

A handwritten signature in black ink, appearing to read "K. Ustinova", written in a cursive style.
