# Letter of Recommendation

To

National Library of Medicine
Building 38A - Room 4N-419
8600 Rockville Pike
Bethesda, MD U.S.A. 20894

Dear Sir/Madam:

It would be a great pleasure to write a letter of recommendation as an editor in support of Journal of Biometrics and Biostatistics (JBMBS) for being indexed in PubMed.

JBMBS is an international open-access journal that publishes the most exciting original articles and review articles with respect to the topics in Biometrics and Biostatistics. It provides a new publication model in Biometrics and Biostatistics that enables the fast dissemination of methodological research articles to the global community without restriction through the internet. I hereby express my great interest in continued service in Journal of Biometrics & Biostatistics as an Editor. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine, and technology communities.

I strongly recommend this journal to be indexed in PubMed Central.  I would highly appreciate it if you would select this journal for indexing. Journal editors, staff and editorial board members have worked very hard for the journal to establish its high quality and high professional standing. If you have any concerns regarding the journal, please do not hesitate to contract me.

Best wishes,

Electronic/ Normal Signature
